

Devanand Karunakaran

Software Consultant, ZSO Solutions, BMC Software APAC

Devanand Karunakaran joined BMC in March 2019. Currently, he is a Senior Software Consultant for BMC Software's Mainframe ZSO Solutions group covering the Asia Pacific region, based in Melbourne.

In this role, Dev is responsible for BMC's Next Generation Technology Utilities and other Db2/IMS Database management and performance products.

Prior to taking this role, Dev has worked as a Database Administrator managing Db2 and IMS Databases for Telecommunications and Retails Customers. He has expertise on performance tuning and optimal database design that yields the best performance.
